

RE: Application for Internship with Essex Management

Date	4/1/20 4:42 PM
From	michael.hotchkiss@essexmanagement.com on behalf of Michael Hotchkiss
Actionable/To	bwiley4@jhu.edu

Brian,

Could you do a 30-45 minute video interview with some bioinformatics team members on Monday April 6 between 1 PM and 5 PM or on Thursday April 9 between 11 AM and 4 PM? If there is a time that is good, please let me know .

In preparation. Could you either provide a code sample, GitHub link, or answer the following question? (Any is fine, you do not need to do more than one.)

Question:
*Given this genomic HGVS representation for a variant:
NC_000011.9:g.534286C>A
Find all the information you can about the variant such as gene and protein information, information from publications you can find about it. Please list any resources you used and what you found at each.*

Thanks,

Michael

Hi Michael,

I have attached my answer to the questions. Have a good weekend.

Brian

Hi Brian,

Friday at 11 AM is great. You do not need to have them done by the time you speak with me. I will not be able to technically evaluate them. However, the sooner I have them from you the sooner we'll be able to schedule a meeting.

Can I call you at 11 AM Friday on (480) 370 - 4230?

All best,

Michael

Hi Michael,

Thanks for reaching out. I would prefer Friday at 11 AM. Should I make sure to complete the questions before then and send over to you?

Brian

Hi Brian,

Thank you for your recent application for our internship with our consultancy at NCI in Rockville.

Do you have a good time for a conversation? Tomorrow, 3/25 and Friday 3/27 I have good availability. Would 11 AM or 1 PM work for you either day?

Be advised that in moving ahead we will look to have you answer the attached questions and use it to guide our evaluation. If you'd like to start working on them, you can feel free.

Best Regards,

Michael
